## The Best Podcast for Everyone

Get your fix of tech, true crime, pop culture, or comedy with these audio adventures

**PODCASTS ARE TO** radio as streaming services are to television, and we're lucky to be living through a golden age of both. But you need help finding the best podcasts worthy of your ear because, while you can find a podcast about almost anything these days, with great choice comes great mediocrity. Our expertly curated list will entertain and educate you, whether you're doing the dishes, working out, commuting, or lazing in the bath.

For more advice, check out our guides on how to listen to more podcasts and the best podcasts for kids. If you're feeling entrepreneurial, read our recommendations on the gear you need to start a podcast

*Updated February 2025: We've added several podcasts, including Things Fell Apart, Kill List, and The Rest Is Football, and a section on subscriptions.*

## Podcast Subscriptions

There's a world of free podcasts, but you can also snag various podcast subscriptions that provide different benefits, including ad-free listening, early episodes, and bonus content. Subscriptions can also get you access to virtual events and discounted merch, and let you support your favorite podcasters.

**Audible Plus (\$8 a month):** With a growing catalog of exclusive podcasts, it's worth considering Audible Plus. If you want to pick an audiobook each month, you need the Premium Plus subscription at \$15 a month.

**Wondery+ (\$6 a month, \$45 a year):** Many of our favorite podcasts come from Wondery, and this subscription nets you ad-free listening, early access, and exclusive content. You can link and use it through Spotify or with third-party apps like Apple Podcasts.

**Tenderfoot TV Plus (\$5 a month, \$35 a year):** This subscription gets you ad-free episodes and bonus content for Tenderfoot shows.

**Pushkin Plus (\$7 a month, \$40 a year):** There's a decent selection of podcasts in different genres at Pushkin, and this subscription provides ad-free listening, bonus content, and support for any podcast app

**NPR Plus (\$8 a month):** This subscription gives you full access to around 25 NPR podcasts, exclusive shows, and shop discounts.
